### Third Boy Swims Safely to Shore

A boyish escapade in a borrowed canoe ended in death Sunday for two Edmonton schoolboys. They were drowned when a rental canoe, which they are believed to have taken without permission of the owner, capsized in White Mud Creek. A third boy saved himself by swimming to shore. Dead are Eddie Walden, 12, 12113 87 street, and Andrew Jackiw, 11, 12105 87 street.

#### HOW TO HANDLE A BOAT OR CANOE IN SAFETY IS EXPLAINED ON PAGE NINE

Safe, after swimming to shore after the mishap, is Ronald Scott, 12, 12109 87 street. Water into which the boys were plunged was a scant 10 to 12 feet deep, witnesses reported, while a few feet away it shallowed to about four feet.

### Futile Rescue Tries

Raymond Pietz, 12, 9216 110A avenue, witnessed the tragedy. He saw the three boys struggling in the water, he said, and could not swim. A companion, Arnold Anderson, 16, 9000 92 street, dived into the creek fully dressed in an heroic attempt to save the drowning youths. "Arnold," Pietz said, "swam to the place where the canoe was overturned at that time, could not see any of the boys. He then tried to right the capsized boat. Just as he moved the canoe the head of one of the boys came to the surface," Pietz related. "He tried to swim to the boy but before he could reach him he sank again," said the 12-year-old witness. Ronald Scott said that when he reached the bank he turned to look for his companions. "I saw them in time to see one of them go down. Arnold Anderson, who made the rescue attempt," said he heard Pietz shout and ran to the edge of the water from where he could see the two boys struggling.

### Jumped in Fully Clothed

"I saw two boys floundering near the boat," he said, "and jumped in with all my clothes on to try to save them." "I could still see the head of one of the boys above the water and swam as fast as I could to reach him," Anderson said. "I told him of how he couldn't find the boys when he reached the spot and so attempted to turn the canoe upright." "Then," he said, "I saw the head of one of the boys come up but by the time I got to the spot he had gone under water again." "I tried to find him under water," Anderson went on, "but I couldn't see him." Then, he said, he became tired from the effort of swimming with all his clothes on and returned to shore. Anderson said another boy, Raymond McNabb, 10, 1048 124 street, also made an attempt to find the boys without success. Firemen and police arrived at the scene of the mishap shortly after noon and immediately began dragging operations. A bystander, Harry Loneragan, 11034 81 avenue, dived into the muddy waters of the creek to assist in the search for bodies of the two boys. The first of the two bodies was located and recovered by Loneragan with a grappling hook about 1:40 p.m. The first body was found near where the boat had tipped over, Loneragan said. Artificial respiration was applied for an hour and a half by Firemen Bob Syme, Ed McCullough and John Manson but without success.

### Watch Stops at 11:55

Time of the accident was established from a waterlogged watch on the arm of Eddie Walden. It had stopped at 11:55. Eddie Walden is the son of Mr. and Mrs. S. G. Walden, and has a brother, Robert, 21, and a sister, Georgina. He was in grade five. Parents of the second drowned youth were Mr. and Mrs. Fred Jackiw. He has a sister, Jenny, 17, and was in grade six. Ronald Scott is the son of Mr. and Mrs. L. Scott, 12109 87 street, and was in grade six. Dragging operations were supervised by Fire Chief James McGregor and District Chief T. Harvey. An inquest will be held. Firemen were aided by constables Dave Burns and Jack McIntyre.

### Scene of Tragedy Not Patrolled by Police

White Mud Creek, where two schoolboys were drowned Sunday, is not patrolled regularly by city police, Chief Reginald Jennings said today. "Although I have no objection at intervals, patrolling of the district is the responsibility of the concessionaire, Chief Jennings said. This is one of the terms of his lease with the city. The concessionaire is required to take a declaration from persons renting canoes that they are able to swim. This is a pre-requisite to renting. Chief Jennings said he was not considering putting a patrol at this time although consideration will be given to patrolling the district on holidays. From Donnor, the concessionaire and owner of the canoe which capsized, drowning the two boys, (Continued on Page 2) See "Scene Of Tragedy"

CONVENTION HALL, Philadelphia, June 21.—(BUP)—The Republican National Convention opened today in a flood of chest-thumping oratory with Dewey, Taft, and Stassen odds-on favorites to lead the field on the first ballot for a presidential nominee.

### Powder Plant Blast Kills Three Men

KENVIL, N.J., June 21.—(AP)—An earth-shaking explosion in the big Hercules Powder Company plant here today killed three men, a company statement said.

The statement was issued at the company's main office in Wilmington, Del., more than 50 miles from the scene of the blast which rocked much of northern New Jersey. State police blocked off highways in the Hercules plant area. The blast was felt over a 50-mile radius. Yellow-reddish smoke billowed high in the sky over the Hercules area. Soot and burnt paper fluttered down near Dover, about 10 miles away.

### Flood Relief Fund Starts

Subscriptions to Edmonton's Emergency Fund for relief of British Columbia flood victims started to pour into the city hall today. A total of \$1,327 was received in the first mail, and indications are that the \$25,000 objective for the first week of the 30-day campaign will be reached.

A notable contribution came from Blue Ridge, Alta. It was a cheque from the Alberta Poultry Products Ltd. for \$9.35, and represented the egg payment to Mrs. Kehrer for eggs shipped to the plant. Other donations received included \$50 from W. H. Clark, Lumber Co. Ltd., \$150 from Sick's Edmonton Brewery, \$100 from Poole Construction Co. Ltd., \$50 from North Western Manufacturing Co. Ltd., \$25.

Knee Hill Valley Womens Institute sent in a donation of \$15. Saturday, the Edmonton Civic Employees Welfare Chest donated \$1,000.

(More About Strike Page 2)

OTTAWA, June 21.—(CP)—Pickets wearing gas masks and carrying placards paraded on Parliament Hill today to support demands of the Canadian Seamen's Union (T.C.U.) for a government-enforced settlement of the lake shipping dispute. Twenty CSU picketers, led by

### Government to Remove Tax On Broad List of Goods

OTTAWA, June 21.—(CP)—The government has decided to withdraw the special 25-per-cent excise tax imposed on a broad list of goods last November and now is seeking to determine when this decision should be put into effect. The Canadian Press learned authoritative today. Announcement of the removal of the tax may come before parliament prorogues, possibly this week-end.

The main problem facing the government now is whether the tax should be removed by legislative means or by order-in-council. If it is decided that a rescinding bill must go through parliament, this step might be announced this week. If it is decided that an order-in-council will suffice, the gov-

ernment may defer the withdrawing action for several more weeks. The primary reason for the decision to lift the tax, a highly-placed informant told the CP, was that it had failed in its objective of reducing consumption of those goods to which it applied. At the same time, it was acknowledged that the tax would tend to put a brake on the still-rising cost-of-living and relieve pressure on the government to give tax relief and take some deflationary measures. This informant said that the tax was ill-conceived and that it had failed as a consumption tax. The tax applied to a wide range of durable consumer goods, including motor cars, sporting goods, outdoor motors, pleasure launches, firearms, oil burners, cameras, radios, phonographs and to most types of electrical home appliances.

In criticizing the government for its tax measures last week, the effect, he went on, was that the government had to delay its action lest it be interpreted to the public as having been backing down before the protests of its own supporters and that it had failed as a consumption tax. The tax applied to a wide range of durable consumer goods, including motor cars, sporting goods, outdoor motors, pleasure launches, firearms, oil burners, cameras, radios, phonographs and to most types of electrical home appliances.

### CHINESE TALK ONLY OF MONEY

PEIPING, June 21.—(AP)—An American studying Chinese complained to his tutor that he was not getting anywhere with the language, as "all I can talk about in Chinese is high prices." "Well," replied the tutor, "that's all we Chinese talk about."

### Weatherman Forecasts End To Dry Spell

A break in the long dry spell experienced in Edmonton region was forecast by the weatherman today. A few showers are expected this afternoon and evening. Weather synopses and official forecasts issued at 10 a.m. today at the Edmonton public weather office and valid until midnight Tuesday.

Rain will fall in all regions on the western prairies today and Tuesday, bringing some welcome relief from the dry weather. Intermittent light rain fell this morning in Saskatchewan, and frequent showers and thunderstorms are expected in Alberta today. Cool shower weather will prevail in all regions on Tuesday with afternoon temperatures mostly near 70.

FORECASTS  
Edmonton-Lloydminster Region: Overcast today with occasional showers; risk of thunderstorms this evening; variable cloudiness overnight; overcast and continuing cool tomorrow with a few showers; light winds; low tonight and high tomorrow at Edmonton 52 and 67, Vermilion 53 and 70.

### Police Arrest 600 In Malaya Raids

SINGAPORE, June 21.—(AP)—Police arrested more than 600 persons today throughout Malaya in anti-Communist raids. They were held tonight in jails under heavy police guard. Communists have been blamed for organized terror campaigns in which 26 persons have been murdered in seven weeks and much property burned or smashed.

In criticizing the government for its tax measures last week, the effect, he went on, was that the government had to delay its action lest it be interpreted to the public as having been backing down before the protests of its own supporters and that it had failed as a consumption tax. The tax applied to a wide range of durable consumer goods, including motor cars, sporting goods, outdoor motors, pleasure launches, firearms, oil burners, cameras, radios, phonographs and to most types of electrical home appliances.

### Death Ends Canoe Outing

WATER-SOAKED CANOE is dragged ashore at White Mud Creek Sunday. Two boys were drowned and a third swam to safety when canoe tipped over in the creek. Fireman Bob Syme, left, Fireman Ed McCullough and Police Constable Dave Burns beach the fatal craft. Arrow points to spot where two boys lost their lives.

### Survivor Shouts in Vain For Help as Pals Drown

A hot, sunny Sunday in June will remain stamped in the memory of Ronald Scott, 12-year-old survivor of the Whittemud drowning tragedy. Ronald's companions, Eddie Walden, 12, and Andrew Jackiw, 11, were drowned when their canoe upset in Whittemud Creek Sunday. From an armchair at his parents' home at 12109 87 street, Ronald explained his story of the drowning to a Bulletin reporter.

### START BICYCLE HIKE

The three boys who were next-door neighbors left home about 7 a.m. Sunday. "We were going on a bicycle hike to Whittemud," Ronald said. "When we arrived at the creek we spent some time eating and fishing from the bridge," Ronald explained. "We collected a few bottles lying around on the ground to get refunds for money." "Then we went up to the lodge on the east bank of the creek to rent a kayak," he said. "Andrew was the only one who had any money so we rented a canoe for a dime."

PADDLE IN CREEK  
With the canoe he paddled back and forth in the creek between the lodge and the bridge," Ronald related.

"There was a lot of water in the bottom of the boat so we stopped to pick up a can and bail it out," he stated. "The canoe suddenly tipped over while they were attempting to turn around in midstream about halfway between the lodge and the bridge, according to Ronald. "I was sitting in the stern when the canoe tipped over," Ronald said. "The other boys weren't able to swim." "I managed to swim to the east side of the creek. I stood on the bank and shouted for help. I saw a boy dive in and swim towards the canoe," he stated.

"I was wrapped in the lodge and wrapped in a blanket until the police took me home," explained Ronald.

### Welfare Counsel Asks Conrad Murder Files

(See also Page 3)

Royal Commission hearings into Alberta welfare conditions took a surprising turn today. Commission counsel J. C. Mahaffy asked that files on the Conrad murder hearing, opening in Red Deer today, be produced at the inquiry. Mr. Mahaffy's request was backed by George Steer, K.C., IODE counsel.

In making his application for production of the files, which cover the death of two-and-one-half year old son of the Red Deer hearing, the commission counsel said that the files would be of great assistance to the Royal Commission. Mrs. Agnes Conrad, 22-year-old foster mother of the Red child, is charged with murder in connection with the youngsters' death last April.

### SUBMIT FILES LATER

It is understood that the Conrad files would be submitted at the conclusion of the Red Deer hearing, and it was stated that some of the 21 witnesses being called in the murder case would be called to testify before the welfare commission. The Commission today entered the 11th month of its existence, and Mr. Justice Howson, Commission chairman, today made an appeal to various counsel to make an effort to conclude hearings by June 29.

Justice Howson said he was not trying to hurry any evidence that would be beneficial to the Commission but felt the probe should be concluded as quickly as possible.

### Cardston Facing Water Shortage

CARDSTON, Alta., June 21.—(CP)—A possible water shortage is facing this Southern Alberta centre for the fourth time this year as a result of spring floods which have carried away a water main from Lees Creek to the reservoir. It is believed only a two-day supply of water is on hand.

Emergency pumping equipment is being used to fill the reservoir and Leithbridge has been asked to provide additional pumping equipment. Meanwhile level of streams in the Cardston and Pincher Creek areas is reported dropping steadily. About 100 miles are forced to evacuate their homes last week by rising waters, are expected to return to their homes today.

### Two Men Drown As Boat Sinks in Lake

Two men were drowned at Buffalo Lake, Sunday, when their boat filled with water and sank.

Dead are William Taylor, Stettler, and Arthur Gould, Big Valley. Buffalo Lake is about 100 miles southeast of Edmonton. The accident occurred not far from the cottage of William McTaggart in about 10 feet of water. Neither of the two men could swim.

### WENT OUT IN BOAT

The two men were reported to have driven to the lake in a car with four other companions early Sunday. Taylor and Gould were believed to have gone out in the boat soon after arriving at the lake. First alarm was raised by their

companions when the two men failed to return to the car. Dead are William Taylor, Stettler, and Arthur Gould, Big Valley. Buffalo Lake is about 100 miles southeast of Edmonton. The accident occurred not far from the cottage of William McTaggart in about 10 feet of water. Neither of the two men could swim.

## World

President Juho Paasikivi of Finland, facing a general election July 1 and 2, said the course of Finnish political policy is already determined. "Finland can never," he said, "pursue a policy directed against the Soviet Union." Communists are reportedly trying to capitalize on the statement.

MP's in Ottawa believe they will be able to finish parliament's heavy schedule of business and prorogue June 26, unless, as some rumours have it, the government brings in "surprise" legislation dealing with tax protests, and the high cost of living.

At the Mayo cancer clinic, doctors are finding cancers by echoes of sounds of such a high pitch they cannot be heard by the human ear. They also hope that the sounds, "beamed" at a cancer, might destroy it by simply shaking it apart.

## Industry

U.S. wheat exports, which have been under the control of the Commodity Credit Corporation for several years, are to be put back into private hands. The Cabinet Food Committee now has only to decide the method and timing of the change over.

In the Guadalupe, major oil companies are stepping up their production of oil from structures under the ocean floor. One producer now gives 400 barrels a day controlled production. Costs, however, are high. Structures supporting derricks are as high as a 17-storey building and cost in the neighbourhood of \$600,000.

The policy will stand.

In the Philippines, President Elpidio Quirino announced unconditional amnesty to all agrarian delinquents in a move to end the violent unrest which has raged in the islands since the end of the war. The condition: that delinquents lay down their arms within 30 days.

In Winnipeg, John Ben Shepherd, retiring president of the U.S. Junior Chamber of Commerce, told delegates to the 13th annual Canadian convention that the best weapon against Communism is "active, intelligent citizenship."

In Cairo, police are investigating two explosions, in the Jewish Quarter of the Bazaar district, which killed 20 and injured 41. Police are searching for five Moslems who lived in a Jewish-owned house which had been at the centre of the explosion.

Forty-nine gray-uniformed UN guards left New York Saturday by plane for Palestine, in his suitcase, carried a .38 calibre revolver, making them the first UN force in history to carry weapons.

George Black, Progressive Conservative MP for the Yukon, charged, in the House of Commons, that veterans from the northern constituencies are being discriminated against under the Veterans' Land Act. He defied members to find anything in the act which exempts the Yukon from its operations.

Vittorio Veronesi, a leader of the Catholic Action in Italy, said the church is waging a great war, with support of the working people, against Communism with the same weapon which Communism itself uses: social reform.

One of the first steps to self-government for the 1,000 square miles of North Africa, known as the Sudan, was taken when an ordinance, promulgated by Gov.-Gen. Sir Robert Clayton, created an executive council and an elected legislative assembly.

Earl Louis Mountbatten retired as governor-general of India, completing the last step in his career.

**Power To Deport Enemy Aliens Is Upheld By Court**  
WASHINGTON, June 21.—(BUP)—The Supreme Court today upheld, 5-4, the power of Attorney General Tom C. Clark to order the deportation of enemy aliens arrested during the war.

At the same time the court upheld the alien enemy act of 1798. The ruling came in the case of Kurt G. W. Ludecke, former member of the Nazi party in Germany who had been interned in a country since Pearl Harbor. Clark ordered his deportation in January, 1946.

Ludecke's chief claim was that he could not be deported now that hostilities have ceased.

**Forest Fires Rage In North Manitoba**  
WINNIPEG, June 21.—(CP)—Several large forest fires were reported today raging uncontrolled in northern Manitoba. Provincial forestry officials said all available fire fighters and equipment were being rushed to the district.

The fires are in the Island Lake area. One is said to have killed 100 men on the island reserve there.

**Czechs Arrest 24 Germans In Plot**  
PRAGUE, June 21.—(AP)—The government radio said Saturday night that 24 persons of German origin or nationality were arrested in Prague, Moravia, earlier in the day in a newly-discovered plot against the Czechoslovak state.

**Missions Flourish**  
WASHINGTON, D.C.—Sabbath School of the Seventh-day Adventist Church have contributed more than \$100,000 for foreign missions in the past 60 years, it was disclosed at the denomination's headquarters here.

**Guard Stabbed**  
KINGSTON, Ont., June 21.—(CP)—Kingston penitentiary authorities said today that Cecil M. Kemp, a prison guard, was stabbed twice in the stomach yesterday by a convict. Neither wound is serious.

# One-Hour Work Stoppage Called

## Nation-Wide Strike by 'Whole Labor Movement' Seamen's Aim

TORONTO, June 21.—(CP)—The Canadian Seamen's Union (TLC) today called for a one-hour work stoppage across Canada by "the whole labor movement" as violence was reported at four Ontario ports in the 16-day-old shipping dispute.

President Harry Davis of CSU called for the work stoppage if the federal government fails to cancel licenses of four lake shipping companies with which the union is in dispute.

He repeated union charges that the captain of the Canada Steamship Lines vessel Maple Heat fired at pickets who attempted to board the ship near Cornwall. The boarder said no shots were fired.

Police said in Gravenhurst, Ont., that 15 members of the rival Canadian Lake Seamen's Union and two Toronto taxi drivers were attacked in a tourist camp near the Muskoka region.

George Porter, 26, crew member of the Maple Heat, was wounded and hospitalized in Toronto by several men and bashed over the head with an iron bar.

The lockmaster at Farran's Point, near Cornwall, said no shots were fired although the captain of the Maple Heat threatened to shoot live the boarders were repelled by live steam.

**Possibility Of Record Vote In Sask. Election**  
REGINA, June 21.—(CP)—Pointing to the possibility of a record vote in the June 24 Saskatchewan election, some 700 people already have cast ballots here in advance poll. Heavy advance polling has also been reported from Moose Jaw and Saskatoon.

Electoral officials said one reason for the heavy advance voting was that vacationists now were permitted to vote in advance polls while previously the early vote was restricted to railway workers, commercial travellers and those whose business took them out of the city on election day.

Only 334 advance votes were cast in the 1944 election in Regina.

**2 Mangled Bodies Found On Rail Line**  
LONDON, Ont., June 21.—(CP)—The mangled bodies of two unidentified men were found beside the Canadian National Railway tracks near Glencoe today. They are believed to have been struck by a freight train on the railway line that connects St. Thomas with Sarnia. Officials are investigating the possibility that the victims may have been escaped inmates of the Ontario mental hospital at St. Thomas. Glencoe is about 30 miles west of London.

## Railroad Strike Balloting Ends

MONTREAL, June 21.—(CP)—Strike balloting among 112,000 members of International Brotherhood of Railway Employees employed by Canadian railroads ended today and spokesmen said counting of votes would start immediately with results expected to be announced in a few days.

The strike ballots were distributed several weeks ago after a negotiating committee representing the brotherhoods rejected a recommendation of a seven-cent-an-hour increase for rail workers.

George Porter, 26, crew member of the Maple Heat, was wounded and hospitalized in Toronto by several men and bashed over the head with an iron bar.

The lockmaster at Farran's Point, near Cornwall, said no shots were fired although the captain of the Maple Heat threatened to shoot live the boarders were repelled by live steam.

**Wage Increase Offered 108,000 Ford Workers**  
DETROIT, June 21.—(BUP)—The Ford Motor Company today offered its 108,000 production workers a wage increase of 11 cents hourly for those making less than \$1.50 an hour and 14 cents for those earning \$1.50 or more an hour.

John S. Huges, vice-president and director of industrial relations, made the third-round wage proposal to the negotiating committee of the CIO United Auto Workers Union "to come to an agreement as promptly as possible."

Morse perfected his electric telegraph in 1832.

## Deafened Now Hear Whispers 5 Ft. Away

Tests by the American Medical Association's Council on Physical Medicine show that science has now enabled deafened people to hear faint sounds, to easily understand whispers from 5 feet away, aided by a tiny hearing device to light up. It hardly knows you are wearing it. With it thousands now enjoy music, sermons and friendly companionship. Finger tip controls let you adjust it instantly to changing sound conditions. No separate battery pack wires harness bulky to weigh you down. The makers of Belone, Dept. 25, 1450 W. 19th St., Chicago 8, Ill., are so proud of their achievement that they will gladly send you a free descriptive booklet and explain how you may test this remarkable device in your own home without obligation a penny. # Union Papers in U.S. May Back Politicians

WASHINGTON, June 21.—(BUP)—The Supreme Court ruled today that unions may use their newspapers in behalf of political candidates regardless of the Taft-Hartley law's ban on political spending by labor organizations.

The court refused, however, to rule directly on constitutionality of the political spending ban.

But it agreed unanimously to dismiss of a government indictment against the CIO and its president, Philip Murray.

They were indicted after Murray deliberately seeking a court test of the political spending ban, ordered copies of a CIO newspaper distributed in a Maryland Congressional district. The newspaper

strongly supported one candidate in a congressional election. The court agreed to dismiss of the indictment against Murray and the CIO and held that the political spending ban does not bar the use of union newspapers to support a political candidate.

### 3 Civic Improvements Progressing Rapidly

Petitions for local improvements are being received at the city engineer's department at the rate of 15 weekly.

The majority of them are for grading, graveling and sidewalk construction.

Some petitions for paving also are being received.

Work on the paving of 124 street, from 102 to 118 avenue, is practically completed. Work gangs are now grading the Walleterdale hill preparatory to the hardsurfacing of the cross-valley road.

The approach to the south entrance of the 105 street bridge is being graded up, and the south span lowered six feet to reduce the steep rise to the bridge.

Work on the hardsurfacing of the road will be in full swing this week.

Gangs are working throughout the city constructing plan sidewalks. They are completing the 1947 program which was not finished because of the shortage of spikings.

Concrete sidewalk construction will start as soon as repair and reconstruction work on Jasper avenue is completed.

A lengthy list of local improvements will be submitted to aldermen at the next council meeting for approval.

### Hume Cleared

TORONTO, June 21.—(CP)—William G. Hume, 22, was cleared today of a dangerous driving charge, arising from an accident last April 14 in which a CCF member of the Ontario legislature was killed, and a second injured.

## Building Boom Hits \$10,000,000 Mark

City Total \$2,553,003 Over Last Year's Figure

Edmonton's building permit total passed the \$10,000,000 mark at the week-end, and is \$2,553,003 ahead of the total to the end of June 1947.

Total building of the six months ended June 30, 1947, was \$7,654,842. At June 19 this year the total was \$10,207,845.

Housing permits issued during the 1948 period totalled \$4,224,800, from 836 permits, compared with \$4,380,790 in the six-month period of 1947, when 927 housing permits were issued.

The 1947 total includes 250 wartime houses. A similar number will be erected here this year.

Tenders for their construction have been called, and it is expected the permit for this project will be entered within a short period.

Central Mortgage and Housing Ltd., took out a permit today covering the conversion of United States Army Airforce structures into 181 suites.

The property is located at the airport, between 116 and 118 avenues.

Cost of the conversion is placed at \$275,156. Floyd Olson Construction Co. is the contractor.

Two land sales, made Monday, totalled \$13,100. Robert J. Turnbull, Credit Foncier building, purchased five lots on the south side of Jasper avenue west of 113 street on which he will erect four apartment buildings each costing \$50,000. Land purchase price was \$6,500.

Alberta Investments Ltd. bought the south-west corner at 103 avenue and 108 street for \$6,600, as the site of a \$30,000 warehouse.

## Woman on Trial For Adopted Baby's Death

Tragic events on a lonely Alberta farm on April 1 last will be under review in Red Deer today as 22-year-old Mrs. Agnes Conrad goes on trial for the murder of her adopted baby.

Mrs. Conrad is charged with slaying two-year-old David Reid Conrad by beating him to death at the farm home of the Conrads south of Caroline on April 1 last.

Mr. Justice S. J. Shepherd is presiding at the jury trial hearing in the Red Deer courthouse.

Case for the crown is being presented by Kenneth A. McKenzie, of the Alberta attorney general's department.

Neil D. Maclean of Edmonton, veteran criminal court advocate, is defending Mrs. Conrad.

The accused woman was committed for trial on April 13 by Magistrate James Smith at Innisfail.

Since the preliminary hearing Mrs. Conrad has been under observation at the provincial mental institute at Oliver.

Alienists recently pronounced the accused mentally competent to stand trial.

Six witnesses were called at the preliminary. These were in the main, neighbors of the Conrads.

Main feature of the police court hearing was a statement purported to have been made to police by Mrs. Conrad, describing events leading up to the death of the infant.

Clinton Conrad, husband of the accused, was away from home at the time.

He is a rural mail carrier.

### Survey Reveals 67 Tb. Cases

Sixty-seven "probably active" cases of tuberculosis were revealed in Edmonton by the recently-completed chest X-ray survey.

E. R. Baxter, survey organizer, disclosed today that a total of 30,501 free chest x-rays were given.

The survey revealed 714 cases of "probably inactive" tuberculosis and 1,147 significant chest abnormalities.

Total number of chest abnormalities revealed was 1,928.

The survey was conducted by the Citizens' Committee of Edmonton, working with the Tuberculosis Division of the Alberta Department of Health and the Alberta Tuberculosis Association.

In all mobile x-ray units were set up at 50 different locations throughout the city and their staffs were aided by nearly 1,000 volunteer workers.

### Govt. Official Fined In Court

C. K. Hueckvale, of 9933 116 street, provincial government auditor, was fined \$50 and costs or three months' imprisonment.

He was also prohibited from driving for two months.

WORK, FOR THE NIGHT IS COMING seems to have been the motto of union painters in a Saturday bee that gave the Edmonton Labor Temple a needed "facelift." J. T. Watson, president of Edmonton Union No. 1016, Painters and Decorators, gives a critical eye to the workmen. Union painters donated their time. Edmonton paint companies supplied the paint.

Edmonton Man Is National Officer

Joseph McKenzie of Edmonton, will continue to serve as a vice-president of the Junior Chamber of Commerce of Canada. He was re-elected to the office at the annual convention of the Jaycees, held in Winnipeg last week.

Other vice-presidents are Roger Trudeau of Richmond, Que.; John Sheppard, Hamilton, Ont.; William Fuller, Sioux Lookout, Ont.; and Mcleod Chapin, Kelowna, B.C.

P. T. R. Pugley, accountancy professor from Montreal, was elected national president.

War Assets Sales

MONTREAL, June 21.—(CP)—War Assets Corporation today announced that sales totalling \$3,927,600 during May brought the total of receipts for disposal of war supplies to \$434,100,000.

'HOT SHOT' FIRES BALLS

Started billiard artist watched a real "fireball" play Saturday afternoon.

Billiard balls suddenly broke into flame, in a basket at Jasper Recreation, 10130 97 street.

Habitues of the poolroom hastily dumped the blazing balls out a back window into the lane.

Fire was believed to have been caused by a lit cigarette thrown into the basket containing the balls.

Loss of the balls was estimated at \$42.

Unless Alberta's Hutterites take out Canadian citizenship papers, they should be forced to move out of the country.

This was the implication of a resolution endorsed Sunday by the Montgomery branch of the Canadian Legion in Edmonton.

The resolution, originating with the Ponoka Legion, was endorsed by the city veterans unanimously.

It dealt with the proposal to move the Alberta Hutterite colony to the Ponoka district, where the sect has options of 17 sections of land.

W. J. Williams, MLA, executive secretary of the Montgomery branch, told the meeting the Hutterites would be able to move into Ponoka district anytime after July 2.

He said residents of the Red Deer area complained of the proposed move and intended to back the Legion in their stand.

Mr. Williams was critical of the sect's refusal to undergo military training at the time of war.

(The Hutterite population of Alberta is estimated by government officials at slightly more than 1,000, made up in three colonies.)

The meeting also heard reports from branch delegates who attended the Dominion convention in Saskatoon last month.

## Mannville Gas Well Convincing

MANNVILLE, June 21.—Demonstration of the gas supply obtained from the newly completed gas well, Mannville No. 1, was given on Tuesday evening at 10 o'clock. A large crowd gathered to watch Mr. Withers of the Withers Drilling company open the large valve at the head of the well and Mayor A. E. Williams lighted a pipe flare. Flames from the flare shot high into the air and when the valve was turned wide open the gas escaped with a loud roar. The demonstration seemed convincing that there would be an adequate gas supply for all purposes for the village.

## Wheat Pool Agents Hold Conference

WESTLOCK, June 21.—District conference of Alberta Wheat Pool agents was held in the Memorial hall recently. The one-day session saw discussion between agents and management on matters of interest to both.

The meeting, which was under the chairmanship of R. D. Purdy, general manager of the company, had 26 delegates attending from points in the district between Morinville, Athabasca, Boyle and Barrhead.

## Farmer Dies While Hitching Team of Horses

ROCKY MOUNTAIN HOUSE, June 21.—The funeral was held Friday in Wetaskiwin of John F. Bidinger, 60, who died suddenly from heart failure while hitching a team of horses in his farm yard, six miles north of town.

He lived alone, and when he did not go over to his brother's place, two miles away, as was his custom every day, his sister-in-law sent one of the neighbor boys to see what was wrong when he came by from school. The boy, George Flamer, found the team of horses wandering around the yard with the harness on and Mr. Bidinger lying by the door of the barn. He lived alone on his farm.

Born in North Dakota, he came to Ponoka to farm forty years ago and to Rocky Mountain House in 1937. He is survived by his wife in Lethbridge, two sons, Ralph and Harold at Wetaskiwin, Percy in Vancouver and Lawrence at Rocky Mountain House; two daughters, Ruth at Peace River and Sophronia in Chicago.

## Luther League To Hear Address

CAMROSE, June 21.—Dr. O. K. Storason, who is president of the Canada district, Young People's Luther League, for the Lutheran Church and Paul Quilborn, who is a delegate to the Oslo Youth Conference last year, will be in Camrose June 24 to hold a Young People's Luther League rally in the Camrose circuit.

## RYE DOES WELL IN OLDS AREA

OLDS, June 21.—Many farmers in the Olds district both east and west sowed late last fall and as far as can be seen at present, it was a very good idea. There has been a good growth and in the north east district there is a heavy stand well headed out.

## New Approach For Sylvan Pier

SYLVAN LAKE, June 21.—Work is being carried out by the public works department in constructing a new approach to this federal government pier made necessary by high water.

Norman McLean is again on duty at municipal camp grounds and Ray Benjamin of Edmonton is supervisor at the tennis courts. All is in readiness for the season.

## Hospital Guild Officers Named

CAMROSE, June 21.—The ladies of the town of Camrose held a meeting at the home of Mrs. F. M. Smith to form a Camrose Hospital Guild and their aim is to lend assistance at the St. Mary's hospital and Rosehaven at Camrose.

Officers elected were as follows: President, Mrs. Ralph Byers; 1st vice-president, Mrs. F. M. Smith; 2nd vice-president, Mrs. Rees Hugh; 3rd vice-president, Mrs. Al. Schlos; secretary-treasurer, Mrs. Malcolm Johnstone. Mrs. Alex Burgess will convene the membership committee.

## Didsbury Plans Field Day June 26

DIDSBURY, June 21.—The cattle breeders section and Alberta Dairy men's Association and Crystal Dairy are co-operating with the dairy branch and field extension service of the Dept. of Agriculture in putting on a field day at the Olds School of Agriculture on Saturday, June 26.

There will be a grand program of speeches, etc. and picnic lunch.

## Loot Recovered

CALGARY, June 21.—(CP)—S. R. Fairbanks of Watson, Sask., has nothing but praise for Calgary's police force. He reported that three had broken into his automobile early Sunday morning and made off with a suitcase, handbag and clothing. Last night most of the \$41 loot was back in his possession. Police found it abandoned in a yard near the vehicle.

## Fallis Club Holds Achievement Day

Evelyn Reich Is Awarded Trip; Margaret Noble Places Second

FALLIS, June 21.—Fallis Booster Girls' Club held its second "achievement day" here June 16. All ten girls displayed their assigned projects completed 100 per cent. Judges were Miss Ruth Whaley and Miss Sheila M. Forrest, district home economists.

Miss Forrest and L. Petroski, district agriculturist, were guest speakers. An address of welcome was given by the president, Evelyn Reich, and a talk on "My Club," by Olga Mashtaler.

Congresses were presented to the members' mothers and bounties to their fathers, by Mrs. Hurst (leader) in recognition of the splendid co-operation they have so readily given during the club years. Corages also were presented to Miss Whaley, Miss Forrest and Mrs. Reiderer, local teacher.

The economists were each presented with a miniature lamp, the symbol of the club, representing their motto—"We light the way." Mr. Peacock and Mr. E. A. Noble congratulated the club on its splendid efforts.

The efficiency award was won by Evelyn Reich—a trip to Vermilion School of Agriculture, July 12-17. Second place went to Margaret Noble and third to Olga Mashtaler.

The efficiency winner from the garden project of 1947 was Doreen Stark, and these two winners will attend club week together with two delegates, Margaret Noble and Olga Mashtaler sent by the club, for the sewing and garden projects, respectively.

Olga Mashtaler received an award in recognition of her 100 per cent attendance record. Certificates of merit were presented to: Jenny Rybinski, Evelyn Reich, Tillie Schnell, and Betty McDonald, who missed only one meeting during the club year.

Ribbons were won as follows: Project book—1. Evelyn Reich; 2. Margaret Noble; 3. Doreen Stark; Olga Mashtaler (tied). Apron—1. Margaret Noble; 2. Evelyn Reich; Doreen Stark (tied); 3. Shirley Jones.

Laundry bag—1. Olga Mashtaler; 2. Evelyn Reich; 3. Jenny Rybinski; Margaret Noble; Doreen Stark; Shirley Jones (tied). Sewing kit—1. Margaret Noble; 2. Olga Mashtaler; 3. Doreen Stark; Shirley Jones (tied).

Handkerchief—1. Margaret Noble; 2. Evelyn Reich; 3. Olga Mashtaler. Dickie—1. Jenny Rybinski; 2. Margaret Noble; 3. Evelyn Reich. Handkerchief (leather corage)—1. Jenny Rybinski; 2. Olga Mashtaler; 3. Evelyn Reich.

## Cadets Know Where and How To Catch Trout

MOUNTAINPARK, June 21.—Cadets of the Mountain Park corps spent a very pleasant week-end camping last week. They hiked out to mile 10 cabin. Fishing was the chief pastime and they succeeded to the tune of over 50 speckled trout.

Sgt. Ken Crawford took the prize for most fish caught, while Alfred Oslund landed the largest one that "did not get away." The cadets were in charge of the instructor, Mr. Melnychuk.

## BUSINESSMEN SHOW THEIR APPRECIATION

BEAVERLODGE, June 21.—Business men of this town were hosts to some fifty guests at a banquet held here recently in the hotel dining room. The banquet was given in appreciation of those who helped fight the fire which destroyed almost a complete business section of town on June 4.

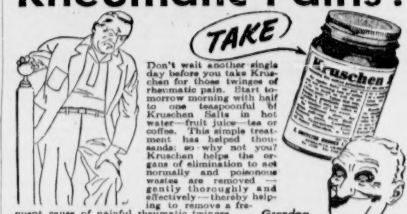

Members of the Sixsmith fire brigade and crews of the Imperial Oil drillers were present. Without the valiant efforts of these men, who answered the call for help, the whole town might have been demolished.

J. W. Cox, on a business trip to Calgary at the time, voiced his appreciation of the work done by these boys in checking the fire and preventing further damage. M. Lockhart on behalf of the Imperial Oil crews who happened to be working in the vicinity at the time, thanked the hosts for their gesture. Bill Card spoke on behalf of the Sixsmith fire brigade.

## Liberal Convention Delegates Named

OLDS, June 21.—The following from Olds attended the Red Deer Constituency convention of Liberals held in Red Deer last Monday: Bob Brownhill; Thos. McKereher; J. J. Kelly; W. B. Kelly; M. Sutherland and W. H. Metter.

Thos. McKereher and W. B. Kelly of Olds and W. Edgar, Innisfail, were appointed delegates to the National Liberal convention being held in Ottawa in August.

Mr. McKereher, who was born in Lanark county, Ontario in 1867, came to Olds in 1899. He had a hardware business until 1936 and is a veteran at Dominion Liberal conventions.

In 1893 he was in Ottawa to see Sir Wilfrid Laurier acclaimed Dominion leader; in 1919 he was again present to see the appointment of the Rt. Hon. Mackenzie King verified and now he goes to see another leader elected.

## Legion Erecting Memorial Cairn

WHITECOURT, June 21.—Members of the Canadian Legion have begun work on the erection of a memorial cairn, near the Legion hall.

## Big Crowd Attends Graduation Exercises

STONY PLAIN, June 21.—A capacity crowd attended the graduation exercises for the '47-48 high school class recently in Kelly's Hall.

John Niziel acted as chairman for the evening. Fred Partion school principal in an address stressed the importance of education and the necessity of continuing into higher fields of learning.

A. S. R. Tweedie, of the department of extension, University of Alberta, gave a fine address on "International affairs and the ordinary man." The speaker stressed the fact that each and every one were responsible for conditions and the course of the world in future, stating that war begins in the mind, either conscious or sub-conscious.

Entertainment was provided by the graduating boys chorus singing "Stout Hearted Men," also class historian Metro Twasluk gave a witty summary of the history of the graduating class. Jean Milham gave a pleasing rendition of "My Task." Don Duchuke also sang a solo.

Mayor Fietzhaber congratulated the class and wished them the best as they go out into the world. The mayor then unveiled a large group picture of the class. Valedictory address was delivered by R. Kenny.

Two choruses by the girls of the class brought the curtains down on the first part of the evening. Presentations were made to the teachers and to Mrs. E. Fietzhaber, pianist by class president John Niziel. A dance followed.

## Germany Split By Currency Move: Russia

By RICHARD KASISCHKE  
BERLIN, June 21.—(AP)—Supply trains for Berlin, 6,000 United States residents are at a standstill today because of a United States-Russian deadlock stemming from currency reform.

The Russian commander in Germany said that the money reform completes the division of Germany. United States freight trains to Berlin pass through the Soviet occupation zone and American authorities stopped them last night rather than submit their cargoes to inspection. Air remained the only supply channel.

Russian officials insisted inspection was necessary to keep smugglers from bringing old currency worthless in the western zones into the Soviet zone and Berlin, where it is still good.

### RUSSIAN MONEY

Germany's old Reichsmark loses its worth in the United States, British and French zones under a currency reform begun by the three western powers yesterday to fight inflation and the black market. They are being replaced by a new unit—the Deutsche mark—whose value is to be made known probably next week.

This reform was announced Friday night, Marshal Vasily D. Sokolovsky, Soviet commander and military governor for Germany, then barred western-zone money, both new and old, from his zone and "greater Berlin."

The Russians set up controls to keep the money out, effective Friday night. Last night, the first Berlin-bound United States military freight train to enter the Russian zone since Friday was halted at Marienborn, Soviet check point. The United States army pulled the train back.

### SAY PACT BROKEN

In a letter made public early today, Sokolovsky said the money reform breaks Big Four agreements and completes the division of Germany.

West Germans began turning in old marks for new at exchange offices yesterday. Each got 40 new ones to tide him over and a promise of 30 more in a month in a straight trade, mark for mark.

This week they will hand over the rest of their old marks. Then they will be told how many new ones they are to get back.

The international exchange rate also is still to be set.

## Evidence Links Missing Man With Windsor Gambling

WINDSOR, Ont., June 21.—(CP)—Further evidence linking Peter Lucido, missing Detroit man, with gambling operations in Windsor was uncovered on the week-end by police who found 200 membership tickets for a local gambling house in the automobile in which Lucido and Sam Scro, also of Detroit, are believed to have gone for a "one-way" ride. The pair have been missing more than a week.

The car, abandoned in a lonely Toledo, O., district, has been brought to Detroit where police announced clues that they believe indicate a double alibi.

## 'Several Thousand' Drown in Flood

NANKING, June 21.—(AP)—The official Chinese Central News Agency said yesterday "several thousand" persons were drowned and 200,000 made homeless by a flood which swept Foochow (Minchow), capital of the coastal province of Fukien. The dispatch said the rain-swollen Min river rose at the rate of 12 feet an hour.

## Policeman 2-Time Plowing Champion

CALGARY, June 21.—(CP)—Sgt. Rod Williamson, city police force, became the first man to be twice awarded the Jacques' Challenge Trophy when he copied the civic uniformed employees' plowing championships at John Burns Municipal ranch, Saturday. He won the cup in 1946.

## HE'S 'DIFFERENT' LANDLORD TYPE

PITTSBURGH, June 21.—(AP)—William G. Tyus finally retaliated for the seven months his family lived in a hotel because landlords didn't like to rent to persons having children.

Tyus, a newspaper copy reader, with three young sons, got a house the only way he could. He bought one.

That was in 1945. Recently he accepted a new job in Detroit. He decided to rent his house—but with a difference. The ad in the papers read: "Any people wanting to rent must have children."

A few hours after the ad appeared the house was let to a couple with four children.

## Greek Troops Start Drive on Communists

By L. S. Chakales

ATHENS, June 21.—(AP)—An estimated 70,000 Greek troops slugged their way into the northern Pindus mountains today in an effort to smash the Communist rebellion.

## More Dockers Join Strike

LONDON, June 21.—(Reuters)—The number of London port strikers rose to 18,000 today as stevedores from West India Dock and Cold Storage Workers joined the stoppage.

Meetings brushed aside appeals from trade union officials to return to work and union representatives were shouted down by the men.

### HITS MEAT MARKETS

Surrey dockers at the Surrey commercial docks and at the Royal docks are also on strike.

The work stoppage of nearly 1,000 cold storage workers at Thameside wharves means that London meat markets will have to fall back on their last reserves, already reduced by the dock strike now entering its second week.

### STUDIED BY CABINET

The cabinet was meeting to consider the strike. Troops may be called in if London's food supplies are in danger, but the decision on such a move will be left to Food Minister John Strachey, in consultation with Labor Minister George Isaacs and War Minister Emanuel Shinwell.

## Arabs Charge Jews Violate Palestine Truce

CAIRO, June 21.—(AP)—The Arab League reported today that new complaints of Jewish violations of the Palestine cease-fire have been made to Count Folke Bernadotte, United Nations mediator.

The League secretariat-general made public a cable received from the Syrian government accusing the Jews of setting fire to four Galilee Arab villages, the latest last Thursday. The villages were Samakh, Abdiya, Khalifa and Zangharia.

The Syrian government submitted a protest to Count Bernadotte against the continuation of Zionist aggression and asked Bernadotte to take the necessary measures to put an end to these acts, the cable read.

"We informed him we could not remain with our hands tied if the Zionists continued their challenge," the League secretariat said it had sent a note to Bernadotte's liaison officer which said the League:

1. Still gets reports of various Jewish aggressive acts, especially on the Syrian and Iraqi fronts.
2. Has been informed that the United States Vessel Marine Corp left French port a few days ago for Tel Aviv carrying mun and equipment.
3. Has been told that planes are en route to Tel Aviv in violation of the cease-fire agreement.

## Fire Claims Lives 4 Tots

NEGUAC, N.B., June 21.—(CP)—Four children were burned to death and their mother suffered critical burns when their home in this Northumberland county village was destroyed by fire early today.

Dead are: Simone, eight, Jacqueline, six, Leola, four, and a two-month-old baby, children of Mr. and Mrs. Elzead Breaux.

The blaze was believed started after the kitchen stove exploded when Mrs. Breaux attempted to light a fire with kerosene.

Mrs. Breaux was taken to hospital at nearby Tracadie. A fifth child was away from home when the fire started.

The flames swept rapidly through the wooden house and spread to a nearby barn. Damage was estimated at \$10,000.

## 1,000 Drowned In Chinese Floods

NANKING, June 21.—(AP)—A great flood has inundated Foochow (Minchow), drowning 1,000 and leaving 200,000 of the city's 800,000 population homeless, reports from that smoky coastal city said today.

Premier Wang Wen-hua ordered emergency relief planes to aid the stricken people at the mouth of the Min river.

## SHOPPING GUIDE

Giant-Size Peonies  
Selling \$1-a-Dozen

By Bea Thrifty

Everything in your house says something about you! Your taste and your flair for living show in the flowers on the table—the books in the bookcase—the rug on the floor.

Flowers especially give the key to your likes and dislikes. Arranged with casual languid grace—flowers will add the punctuation mark of color and design to your room.

Local gardens are blossoming out in a profusion of color—a wealth of light, fresh fragrance to add to your living room.

No garden at home—then there are luscious big peonies—selling \$1.00 a dozen—and one-half dozen makes a beautiful bouquet.

Snappadrops and stocks—with

their heady, spicy scent, can be bought in generous-size bunches for 75c.

Oranges, the sweet, juicy navel oranges, are available again for 25c in some stores—up to 35c and 40c in smaller "corner stores."

Strawberries, red, scrumptious strawberries, are being sold for 25c in some stores—up to 35c and 40c in smaller "corner stores."

Lettuce, crisp, green, cool lettuce, can be had for 15c or 15c a head if you happen to hit the right moment for your own store shopping. Generally, however, lettuce prices are hovering on the brink of the "normal price" bracket.

Surplus supplies are the principal reason for this.

I suppose you knew there are two different types of tuna fish that you can buy in the store—the flaked which is perfect for sandwiches—and the solid—best for salads, creaming and turn pies.

The flaked sells at 34c—the solid at 42c. But don't let the variance in price mislead you. They're both first quality.

Tasty tidbits to serve as appetizers or as "fillers" with a green salad are thin rounds of rye bread piled with cottage cheese and chives.

You can buy the rye, creamy and good, for 25c a pound. If you're the smart gal I think you are you'll have the chives growing in your own backyard plot.

And if you don't have a backyard plot—grow 'em in a flower pot on your window-sill. Everyone has a window-sill and this refined cousin of the onion grows a mighty purty flower too.

You know what a super-perfect job an atomizer does with hair lacquer, perfumes and colognes—well, why not use the handy old thing to put on liquid leg paint, or spray on sun-tan oil or lotion.

This spray business is a Solomon-wise trick. For a nice even and fast tan—spray a thin coat of sun-tan oil over the exposed parts of your body about once every half hour.

The atomizer assures an even spread of the oil.

You can buy a good atomizer for \$1.25—and they're the handiest things.

Makers of Royal Doulton ware have hit the mark again. This time it's with special chinaware for the little people.

Set in a four-plate, tea-plate, bowl and mug—all for \$1.35 and complete with nursery rhymes.

Spirits, who can put a little of their own joy of living into us.

There are no greater missionaries than those cheerful women who always have something pleasant to say, some funny story to tell, some joke that sends you chuckling on your way, feeling that God is in His Heaven and all's well with the world.

No matter what their private difficulties may be, they never show it in their faces. They wear the smile that won't come off.

There is an one to whom we are more indebted than we are to those women who lend us from their store of good cheer.

As a wife, the cheerful woman is like the paragon of the Scriptures; her price is above rubies.

Every man has plenty of troubles, anxieties and discouragements in his contact with the outside world.

If at night he comes home to a wife who also is sunk in woe, it drags him down into the bottomless pit.

But if he has a wife who is gay and cheerful, who can make him laugh and forget his troubles, who can fill him full of hope from her own overflowing optimism, and who can buck him up with her faith in him, he can stand anything.

CHILDREN BENEFIT, TOO

The best gift that God can give children is a cheerful mother, because the one thing that a mother needs more than anything else in the world is a sunny home.

If she has that, she can laugh off many a situation out of which a tragedy can be made, she can correct youngsters' faults far more effectively with a joke than she can by nagging.

And she can keep her children at home instead of wandering the streets, because home is the gayest, jolliest place they know.

And if the mother is a cheerful woman, she can take the sting out of poverty for children, because the poorest meal is a feast if it is flavored with laughter.

In a world that is full of trouble we all turn to cheerful people who go about diffusing light and gaiety.

We crave the companionship of those who can lighten our gloom with their bright, sunny smiles and dispel our sadness by their own high

Many famous actresses such as Adele Jergens employ the use of hair lacquer to smooth an untidy hairline.

## WHY GROW OLD

Hair Lacquer Smooths  
Untidy Hairlines—

A recent letter says, "About a month ago I was rushing to keep a date with my husband and noticed a few whips of hair hanging down over my forehead. I snipped them off. A couple of weeks ago I noticed that I had developed a very untidy hairline. What can I do to get rid of it?"

A. They probably were, but they would have been better left alone because you could then comb them into your coiffure. You will simply have to wait for them to grow out. In the meantime, the application of hair lacquer will help keep them in place.

If there are only a very few hairs, and they are completely out of line, you will have to consult a hairdresser. He will remove a few dark hairs on your chin—or have them removed permanently by electrolysis.

Q. This letter is from a man. "I am about to venture on a body conditioning course which includes pointers on diet and exercise. I am supposed to have nothing but milk for one week, with

some supplement of fruit. Please publish whether or not you think this could be harmful."

A. Since milk is the most perfect of all foods I do not imagine any harm could come from such a diet for a short duration, especially since it has an addition of fresh fruit. Of course, I myself, believe in well-rounded diets even when reducing. You should ask your doctor about this.

Q. "I am 17 years old, 5 feet, 8 inches tall, and weigh 129 pounds. My waist measures 30 inches; hips, 43 inches and bust, 36 inches. My bones are rather large and I want to know if I am fat? If so, what must I do about it?"

A. You should concentrate on reducing exercises. Also count your calories for a loss of at least ten or fifteen pounds.

Q. "I am 16 years of age, weigh 132 pounds and am 5 feet, 7 1/2 inches tall. My bust measurement is 34; waist, 24; hips, 34. Please tell me if I should lose weight."

A. Goodness sakes, leave perfection alone! That is what your figure is!

## YOUR BABY AND MINE

Changes May Upset  
Emotions of Child

By Myrtle Meyer Eldred

Any mother who is acutely conscious of her child's behavior, as influenced by his emotions, will recognize that change is often enormously upsetting to the child. The change may be nothing more dramatic than the move from one room to another, or from one house to another in the same city. It may, with more serious consequences, be a move to another city with a complete change of scene and a loss of all familiar companions, or relatives.

One mother, who has just made such a change, commented upon the behavior of her 14-month-old daughter. "She would seem all right," she wrote, "then suddenly she would burst out crying as if her heart would break, and there would seem to be no reason for it, whatever. Then she became so dependent upon me, and hated to have me out of sight."

Mothers who take small children on vacation trips, should be conscious of the emotional upheavals which may result from them. The older child is able to adjust himself, because the new sights and new ways of doing, are thrilling to him. Not so the younger child who is most secure when in the same environment among the same people.

The effect of separation from parents on the infant is depicted in a film called, "Grief—A Peril of Infancy" which is distributed by New York University.

The infant of three months who is separated from the parent, becomes morose and fearful and frightened in the presence of strangers. The child whose mother is present is happy in a like situation, but not the mother-bereft

A. Yes, you are quite a lot overweight, at least 40 pounds. You should have a physical checkup first and then diet and exercise and do anything else the doctor tells you to do.

I think my "Popularity" leaflet, No. 58, which gives diet suggestions, would be helpful to you because you should be certain to diet in the right way.

Q. "Would you please tell me where I should lose weight? I am 5 feet, 8 1/2 inches tall. My bust measures 37 inches; waist, 28 inches; hips, 42 inches."

A. You should concentrate on reducing exercises. Also count your calories for a loss of at least ten or fifteen pounds.

Q. "I am 16 years of age, weigh 132 pounds and am 5 feet, 7 1/2 inches tall. My bust measurement is 34; waist, 24; hips, 34. Please tell me if I should lose weight."

A. Goodness sakes, leave perfection alone! That is what your figure is!

child who screams at a stranger's approach.

By the time the child is five months of age the reaction is not screaming, but apathy. The face is strained, tense and unhappy. One thousand such mother-bereft children were studied by Dr. Rene Spitz, who noted, too, the resistance to disease which was weaker in children without mothers.

All of this has a significance for the parent who is to make some change and who should be prepared for this period of adjustment and be patient with the child until it is accomplished.

Separations should be brief, and when they must be, the child should be left with familiar people by whom he will be cared for and loved. Lasting scars may result from ignorance of what grief and separation can do to the dependent, affectionate baby.

Our leaflet, No. 41, "Teaching Independence," may be had by sending a stamped, self-addressed envelope with your request to Myrtle Meyer Eldred in care of The Bulletin.

Olga Chumer  
Wed at Coast

VANCOUVER, June 21.—Of interest in Alberta was the recent wedding in the rectory of Holy Rosary Cathedral of Olga Chumer and Dr. Michael Warshawski.

The bride is the daughter of Mr. and Mrs. W. A. Chumer, Edmonton, and the bridegroom the son of Mr. and Mrs. Warshawski, Mundare.

Broaded white satin was chosen by the bride. The dress was fashioned with a nylon net yoke ruffled with satin.

A seed pearl coronet held her finger-tip veil in place and she carried a bouquet of American Beauty roses, gardenias and stephanotis. Her only jewelry was a cameo pendant, gift of the bridegroom.

Venue Chumer was her sister's maid-of-honor. She was dressed in a dress of ice-blue satin with matching pearl headpiece and she carried a bouquet of pink carnations.

Edward Warshawski was best man. At a reception in Hotel Georgia Robert White proposed the toast to the bride.

For a honeymoon trip to Los Angeles the bride wore a beige gabardine suit with matching coat, brown accessories and corsage of gardenias. Dr. and Mrs. Warshawski will reside in Vancouver.

Out-of-town guests were Mrs. D. Yanda, Mary Chila, Stephen Fushley and Mr. and Mrs. W. A. Chumer, Edmonton.

DOROTHY DIX SAYS—

Cheerful Wives Help  
Troubled Husbands

Although cheerfulness never has been rated as a feminine virtue, or even mentioned as an attraction, it is time that we realized that instead of it being a sort of excess baggage to a woman, it is the most important quality that she can possibly possess.

It is a charm to conjure with. It is the secret of popularity. It will do more to get her a husband and keep him after she gets him than either beauty or wit.

It will make her a success in business and, no matter where she goes, or what she does, it always will be a prop and staff to lean upon.

As a wife, the cheerful woman is like the paragon of the Scriptures; her price is above rubies.

Every man has plenty of troubles, anxieties and discouragements in his contact with the outside world.

If at night he comes home to a wife who also is sunk in woe, it drags him down into the bottomless pit.

But if he has a wife who is gay and cheerful, who can make him laugh and forget his troubles, who can fill him full of hope from her own overflowing optimism, and who can buck him up with her faith in him, he can stand anything.

CHILDREN BENEFIT, TOO

The best gift that God can give children is a cheerful mother, because the one thing that a mother needs more than anything else in the world is a sunny home.

If she has that, she can laugh off many a situation out of which a tragedy can be made, she can correct youngsters' faults far more effectively with a joke than she can by nagging.

And she can keep her children at home instead of wandering the streets, because home is the gayest, jolliest place they know.

And if the mother is a cheerful woman, she can take the sting out of poverty for children, because the poorest meal is a feast if it is flavored with laughter.

IRMA, June 21.—Beneath an arch of pink and white streamers at the home of the bride's mother the Rev. H. Inglis solemnized the marriage of Roberta Jacqueline Tate and Lorne T. Raham.

White lilacs and ferns decorated the rooms. Mrs. J. Long played the wedding music and during the signing of the register Vera Simmerman sang "Because."

The bride is the daughter of Mrs. Dora Tate and the late Mr. Tate and the bridegroom is the son of Mr. and Mrs. A. T. Raham, Elk Point, formerly of Irma.

Mrs. Tate gave her daughter in marriage. The bride chose a powder-blue dress with white accessories and corsage of Sweetheart roses. She wore a white crownless hat.

Margaret Tate, Duncan, B.C., was her sister's bridesmaid. She wore a dress of pink crepe complemented with white accessories and corsage of roses.

L. Vera Raham was best man. For her daughter's wedding Mrs. Tate wore a figured silk dress with gray straw hat and Tallman rose corsage.

Mrs. Raham chose a black and white ensemble with gray hat and corsage of red roses.

Set in a lace cloth a three-tier wedding cake flanked by ivory tapers and baskets of sweet peas centred the bride's table. W. tends proposed the toast to the bride.

Later the couple left for a honeymoon trip to eastern Canada and the United States including New York, Chicago, Niagara Falls and Montreal.

Raspberry colored gabardine suit with black accessories and gray topcoat was chosen by the bride as her going-away outfit. Mr. and Mrs. Raham will reside in Sherbrook.

UNDERSTANDING =  
MODERATION

Understanding comes to us

when we see things through the other fellow's eyes . . .

when we listen through the other fellow's ears . . .

when we consider the other fellow's point of view at all times.

It's the key to happy living together. For it leads us

to weigh our words and shape our actions for the common good.

Happily a Canadian characteristic, it's this understanding

which leads us to choose the path of moderation in all things . . .

moderation in our thinking, moderation in our spending . . .

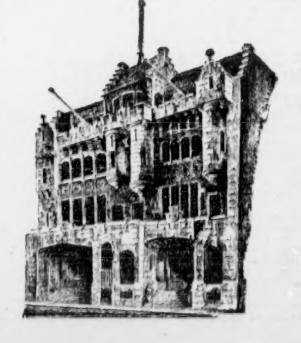

moderation in our pleasure. For understanding makes us realize

that moderation benefits not only our own selves, but our

families, our communities and all of Canada.

# Women Shoppers Save Pennies As Prices Rise

Careful Shopping Means Few Luxuries  
Basic Items Come First From Income

Women are counting their pennies these days! They still are buying the things they need for their families, themselves and their homes, but they aren't frittering away any of the family income.

It's work to eat—and careful shopping means very few luxuries as basic items take care of the weekly check.

Shortages have all but disappeared. There are more places to spend money. As a result, each expenditure must be weighed carefully.

So women are back to the bargain counters in droves. They are cutting corners wherever they can. Mothers of small children and infants have revived the art of hand-me-downs in answer to the high cost of children's clothes.

This leaves more money for other needs. Business observers give this picture outline of where the housewife is currently spending her money.

On furniture—if she finds what she wants at what she considers a fair price. For this reason furniture clearance sales have been well received.

**SELECTIVE BUYING**  
She is buying good quality bedding and moderately-priced rugs. In linens she is inclined to buy the low-priced items in favor of better grades.

Clothing of all types is selling. If the consumer feels the price anywhere near reasonable—taking into consideration the relative high cost of everything else. However, "soft goods" are suffering from diversion of money to more durable goods.

The housewife is buying mid-range tableware. But she is not spending her money currently on expensive vacuum cleaners, automatic mixers, oriental rugs and decorative household goods to any extent.

This is the average-income housewife of course. In radios, small appliances and many other types of goods, the consumer's reluctance to buy has resulted in price concessions, trade observers said.

**WEDDING BELLS** rang recently for Margaret McLellan Allen and William M. Powell. The bride is the daughter of Mr. and Mrs. Harry D. Allen and the bridegroom is the son of Mr. and Mrs. Fred G. Powell, all of Edmonton.

## White Satin and Lace For Pretty Wedding

St. John's Anglican Church decorated with flowers was the scene of the pretty wedding of Lillian Jeanne Kremer and Jack Dennis Colban. The Rev. W. E. Harrison performed the ceremony.

The bride is the daughter of Mr. and Mrs. Emilie Kremer, Villeneuve, and the bridegroom is the son of Mr. and Mrs. George M. Colban, Edmonton.

For her wedding the bride chose a dress of white satin and lace fashioned with a net yoke trimmed with handmade rosebuds and lily-point sleeves.

A pearl coronet held her hair, and a long, embroidered veil in place and she carried a bouquet of pink roses and white carnations. Her only jewelry was a pearl necklace, gift of the bridegroom.

Mrs. Allen, guest as maid-of-honor, wore a dress of aqua-blue jersey with a matching hat and she carried a bouquet of roses and other flowers in shades of peach and mauve.

George Nellie wore mauve and white. The bridesmaids were matching chapel veils, held in place with flowers. The bridesmaids were: Maurine Kremer and Gladys Kremer.

During the signing of the register Mrs. S. Prisk sang O Perfect Love.

At a reception for more than 70 guests a three-tier wedding cake was served. The bride and groom were seated at a table with pink and white decorations.

Mrs. Kremer wore a rose pink and black ensemble with corsage of pink carnations. Mrs. Colban chose a gray dress with pink carnation corsage.

Later the couple were entertained at a dance to which many guests were invited. Arthur Stenstrom presided over the bride.

Mr. and Mrs. Colban will reside at Spruce Grove.

## Lucy Nellie How Wed In Afternoon Ceremony

Amid a setting of gladioli, palms and ferns in First Baptist Church Saturday afternoon the Rev. E. J. Bailey solemnized the marriage of Lucy Nellie How and Frank Gordon Becklake.

Mrs. P. Barber played the wedding music and during the signing of the register Douglas Roy sang O Day of Golden Promise.

The bride is the daughter of Mr. and Mrs. A. L. How, Edmonton and the bridegroom is the son of Mr. and Mrs. Frank Becklake, Vancouver.

Given in marriage by her father, the bride wore a dress of white satin and lace. It was trimmed with a sweetheart neckline and buttons down the back of the bodice.

A beaded bracelet held her full-length veil in place and she carried a bouquet of red roses and lily-of-the-valley. She wore a cameo brooch, gift of the bridegroom.

Mrs. Norman How as maid-of-honor, wore a pink jersey dress with matching mittens and carried a bouquet of carnations.

Pale blue tulle was chosen by Vera Crockett who attended the bride as bridesmaid. She wore tulle in her hair and carried a bouquet of pink carnations.

The flower girls, Linda and Janet Crockett, wore white dresses with pink bows. They carried colonial bouquets.

Kenneth MacLean was best man and ushers were Norman How and Gordon Wilton.

At a reception for 90 guests a three-tier wedding cake flanked with vases of peonies centered the bride's table.

Mrs. How wore an aqua blue dress with white accessories and corsage of cream-colored roses. Mrs. Becklake chose a floral print dress complemented with navy blue accessories and cream rose corsage.

Tom Crockett proposed the toast to the bride.

Later the couple left for a honeymoon trip to Vancouver and Victoria. The bride traveled in a beige dress with brown accessories and green gingham toques. She chose an orchid corsage.

Mr. and Mrs. Becklake will reside in Calgary. Out-of-town guests were Mrs. Frank Becklake, Vancouver and Mrs. Rod A. MacLean, Calgary.

## Exercise Offsets Mental Fatigue

Longer hours of daylight during summer months give the career woman a chance to relax on the fresh air and sunshine of which she may be largely deprived during winter months.

Don't excuse yourself from outdoor exercise because you feel "all in" after a day at the office. Most of the fatigue you feel is mental and nervous.

One of the most beautiful ways of relaxing tense nerves and counteracting mental fatigue is to take mild exercise in the fresh air. Almost every city offers some facilities for outdoor recreation which can be fitted into a routine after office hours.

Whether you bicycle through the park, swim or play a set of tennis, you'll feel better and more relaxed after the exercise.

You can give yourself a better start on the day's work if you'll get up a half hour earlier and walk to work.

As you stride along, pump fresh air down into your lungs by doing this deep breathing exercise.

Inhale as you walk four steps; hold your breath for four steps and exhale slowly for four steps.

You may have to time the rhythm of your breathing to fewer steps at first but as your lungs show their willingness to hold deep draughts of air you can increase the number.

## Noted Doctor For Princess

LONDON, June 21.—(AP)—One of Britain's foremost maternity doctors, who already has assisted at the births of three royal children, is attending Princess Elizabeth.

Elizabeth, wed last November to Prince Philip, is expecting a child this autumn.

Her doctor, court circles said, is William Gilliat, president of the Royal College of Obstetricians and Gynaecologists. He attended the Duchess of Kent, Elizabeth's aunt, at the birth of Princess Alexandra.

Princess Elizabeth and Prince Edward, Elizabeth today cancelled another scheduled public appearance. Buckingham Palace announced she would not carry out an inspection of the depot companies of the Grenadier Guards June 28.

She will officiate in opening a country branch of the Queen Elizabeth hospital for children, of which she is president, on that day. It will be one of her last public appearances before her child is born.

# Canadians Offset Tourist Spending

Profit from Trade Nearly Wiped Out During Last Year

OTTAWA, June 21.—(CP)—Canada's tourist trade may be doing more business than ever before, but it was offset last year by the number of dollars Canadians are spending abroad.

Visitors last year spent \$245,000,000 in Canada, about \$23,000,000 more than they spent in 1946, the Bureau of Statistics reported Saturday. But on the other hand Canadians travelling abroad spent \$167,000,000, nearly \$13,000,000 more than they spent in 1946.

## NET RECEIPTS CUT

As a result Canada's net receipts from the international tourist trade declined to \$78,000,000 from \$86,000,000 the previous year, said the B.S.

Spending of Americans visiting Canada totalled \$235,000,000, compared with \$216,000,000 in 1946, and of Canadians in the United States at \$12,600,000, compared with \$13,000,000 for the previous year.

On overseas travel, including traffic between Canada and Newfoundland, Canadian expenditures last year climbed to \$15,000,000 from \$9,000,000 in 1946. Expenditures by overseas tourists increased to \$10,000,000 from more than \$6,000,000.

## GROWTH TAPERS OFF

Effect of currency restrictions on Canadians visiting the U.S. is barely shown in this report. The restrictions were applied late in 1947, and showed a gain of 67 per cent.

## MAMA SKUNK, 3 BABIES WIN—BUT THE HOUSE!

CHICAGO, June 21.—(AP)—A mama skunk and her three babies fought off a cat Saturday but a suburban Glenview house will never be the same. The babies tumbled into a window well at the Harold Getzloff home when they tangled with the cat. Mama skunk drove off the cat successfully and maddeningly, then tumbled into the well too. The Getzloffs called the Animal Welfare League whose agent rescued the four animals. But not before the three little ones had shown their resentment in the only way they knew.

## Postal Clerk Is Shot and Killed Resisting Arrest

MONTREAL, June 21.—(CP)—Lucien St. Louis, 27-year-old former postal clerk, charged with the \$47,000 robbery of the suburban Notre Dame de Grace postal station, was shot and killed early Sunday when he resisted arrest.

St. Louis, who was suspected of dealing a purse containing \$35, failed to stop after a warning shot and Police Lieut. Rene Pavreau fired the fatal shot.

St. Louis was out on \$2,000 bail pending trial on charges of robbery. He was employed two years ago.

## Army Will Call 225,000 Inductees In First 12 Months

WASHINGTON, June 21.—(AP)—The army probably will call between 200,000 and 225,000 inductees during the first 12 months of the new draft program, a highly-placed official said Sunday. This will approximate roughly the estimated net loss to expiration of terms of service during that time. Should enlistments and reenlistments keep up at somewhat near the present rate in the following 12 months, beginning about July 1, 1949, none or a comparatively few draftees might be required. But in the year starting about July 1, 1950, new calls might have to be issued because the terms of the first draftees would begin to expire.

## HUNGRY HORSE LOOKS FOR REAL HUNGRY STEED

HUNGRY HORSE, Mont., June 21.—(AP)—Do you own the world's hungriest horse? Want to get rid of it? The Flathead Citizens' Committee is looking for an equine bag of bones to play an important role in a July 10 celebration of the construction start on Hungry Horse Dam here.

The committee feels there should be a hungry-looking horse present when work begins on the \$100,000,000 dam in the Flathead River's south fork.

After the ceremony, the committee plans to feed oats to the horse and send it to J. A. Krug, United States Secretary of the Interior.

## Four Bushmen Are Sentenced

HORNEPAIN, Ont., June 21.—(CP)—Four Canadian bushmen, charged with assault following a fight between Canadian and European lumberjacks, Saturday were found guilty and sentenced to terms ranging from four months to suspended sentence.

The charges resulted from a bushhouse brawl in a Marathon, Ont., lumber camp Wednesday. The longest term went to Alfred Terpin, 41-year-old father of two children. He was found guilty of unlawful assembly and assault occasioning bodily harm to Ernest Ridout, a student of the University of New Brunswick.

## Jaques Charges CCF 'Pro-Zion, Pro-Soviet'

OTTAWA, June 21.—(CP)—Norman Jaques (SC-Wetsakwini) said in the Commons Saturday night the CCF is "pro-Zionism and pro-Soviet."

He refused to withdraw the remark, challenged by Angus MacInnis (CCF-Vancouver East) as a "lie." A ruling from the chair upheld Mr. Jaques' right to "press his own opinions."

The exchange came during reference to Palestine in the Commons' study of external affairs department estimates. MacInnis said that Jaques was "trying to defend his anti-semitism by labelling us as pro-Zionist."

## 'GENERAL' CHARGE

Jaques said "generally speaking, I should say that the vast majority of what I call the Reds and the Pinks are strong supporters of political Zionism."

After several interruptions by MacInnis, Jaques said: "When I sit down you can rise, and I shall be interested to hear a member of the CCF party defend their policy of pro-Zionism and pro-Sovietism."

"Mr. Chairman, that is another misstatement," said MacInnis. "This party is neither pro-Zionism nor pro-Soviet. I insist that the honorable member withdraw it."

## WON'T WITHDRAW

Jaques: "I am not going to withdraw it." MacInnis: "I will tell you what it is. It is a lie. You can do with that whatever you like."

Jaques: "The CCF are certainly judges of lies—experts at it." MacInnis: "We have been listening to them for a long time." Later, MacInnis said: "The honorable gentleman is going too far."

## Eight-Hour-Day Suspended On Alaska Railroad

WASHINGTON, June 21.—(AP)—President Truman Saturday suspended the eight-hour day on the Alaska railroad, declaring an "extraordinary emergency" exists because of needed construction and repairs.

For five months, Truman's executive order decreed, mechanics and laborers may be employed at more than 40 hours a week.

The added work shall be paid for at time-and-a-half, the president ruled.

The order noted that the railroad is the sole channel for supplies to the interior of Alaska.

## Two-Year Term

CALGARY, June 21.—(CP)—Roy A. Morris of Calgary was sentenced to two years in the Prince Albert penitentiary when he was convicted in police court Saturday on each of two charges of contributing to juvenile delinquency, sentences to run concurrently.

Mr. Chairman and I insist that he withdraw the statement that we are pro-Zionists."

"The honorable member is expressing his own opinions," said the chairman. "I have no right to stop him from expressing his own opinion."
